

Provision for International Students Report

School Name: Waikato Diocesan School for Girls

Profile Number: 140

Location: Hamilton

Background

The Education Review Office reviews schools that are signatories to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020.

Findings

Waikato Diocesan School for Girls attested that it complies with all aspects of the Code and has completed an annual self review of its implementation of the Code.

At the time of this review there were 14 international students attending the school, and no exchange students.

Waikato Diocesan School for Girls has effective processes in place to review its provision and outcomes for international students. The school uses information gathered from all stakeholders to review and improve practices in an ongoing way.

The provision for international students is part of the school-wide strategic planning and reporting cycle that supports the school to both maintain and develop best practice. Student progress and achievement are well tracked and monitored and there is a network of staff, academic and pastoral, who are readily available to support students.

International students shared with ERO many examples of their participation in the school community. They also identified a range of opportunities available in the school that supported them to develop their leadership capabilities.
